# TWO PAVING JOBS ARE LET

COOK & O'BRIEN CO., IS SUCCESSFUL BIDDER.

## TOTAL COST $14,238

**Paving Projects Are Portions On West Fifth Street and On Walnut Street —Work Starts Soon.**

Two paving contracts, covering approximately five and a half blocks, were awarded to the Cook & O'Brien Construction Co., of Kansas City this afternoon by the city council for a total amount of $14,238.95. Grading on these two jobs will be started within the next ten days, according to Jack Canon, superintendent for the successful bidder.

One contract was for seven inch reinforced concrete on Walnut street from Seventh street to the Wabash right-of-way. The bid specified 1,985 square yards of concrete at $2.62 a yard, total $5,200.70; 970 cubic yards of excavation at 70 cents a yard, $679. 1,985 square yards of rolling and finishing at 15 cents a yard, $297.75; and 1,640 lineal feet of curb at 55 cents, which totals $902; or a total cost of $7,079.45.

The other contract awarded by the council was for improving Fifth street from Mulberry street to Wabash right-of-way with reinforced concrete. The paving was figured at $5,712 for 2,100 square yards at $2.72 a yard; $357 for 501 cubic yards of excavation at 70 cents a yard; $315 for 2,100 square yards of rolling and finishing at 15 cents a yard and 1,410 feet of curbing at 55 cents, which amounts to $775.50, or total cost of job, $7,159.50.

Both of these bids were under the engineer's estimate.

## Texan Dies; Wife Is Charged With Slaying

**Houston Business Man Succumbs While Friend Is On Operating Table For Blood Tranfusion.**

San Antonio, Sept. 16.—Charles W. Crawford, 45, Houston, Tex., business man, died today as P. M. Henley, his friend and fiance of Crawford's divorced wife, lie on an operating table ready to submit to a blood transfusion to save Crawford.

In the meantime a charge of assault with intent to murder against Mrs. Crawford, 24, was changed to murder. Crawford was shot late yesterday while riding with Mrs. Crawford. Before becoming unconscious, Crawford insisted that he had shot himself but physicians said the range of the bullet made this impossible.

## 2 Local Negroes are Held at Savannah

Two Maryville negroes, Charles ("Fatty") Williams, and one Gunn are being held in the county jail at Savannah today on charge of driving an automobile while in an intoxicated condition, according to authorities here. Also Mrs. Charles Williams, formerly Edna Mosley of Maryville, suffered a gash on her shoulder as the result of a fight that occurred in Andrew County early this morning, north of Savannah while the three were in the car owned by Bert Martin.

Sheriff Carter of Savannah called Deputy Sheriff John Rasco at Barnard this morning and asked him to head off the party, who were reported to have some liquor in their car. He apprehended the negroes and took the two men to Savannah and sent Mrs. Williams back to Maryville this morning. No liquor was found in the car but it was reported all three negroes had been drinking.

Mr. and Mrs. Shoptaugh, and the former's brother and wife of St. Louis were riding in the Shoptaugh car on their way to Chanute, Kan. While near Baldwin, the car was unable to make a turn and went into a ditch, according to the meager details of the accident. Mr. Shoptaugh was thrown through the windshield and sustained injuries about his head, neck and shoulders. The car was badly damaged.

Mr. Shoptaugh is now up part of the time and expects to return to his home in Elmo the latter part of this week.

# BETTER AND MORE HOGS

A DEMONSTRATION AT LESTER ACKLIN FARM.

## TO EXPLAIN RESULTS

**To Be Held September 23 At Which Time Livestock Extension Specialist Will Be Here.**

A demonstration to be held in conjunction with Missouri's present campaign for worm free hogs will be conducted at 2 o'clock the afternoon of September 23 at the farm of Lester Acklin, located east of Graham, the county agent, J. Ross Fleetwood, announced this morning.

At this time J. W. Burch, livestock extension specialist from the Missouri College of Agriculture, will be present and explain the plan and its results in detail. Also the results of a hog feeding demonstration, which has been conducted by T. H. Acklin, will be observed and Mr. Birch will discuss these hogs demonstrations in relation to the average farm herd of hogs.

A campaign for the eradication of worms in hogs is being conducted in several counties of the state by the State Extension Service. The possibilities for increased pork profits as a result of this campaign are strikingly illustrated by the experience of several Nebraska farmers who co-operated last year with the Nebraska State College of Agriculture in a similiar campaign. Not only were more pigs raised per litter but the pigs showed greater thrift and made more rapid gains.

One young renter in Northern Nebraska in 1922 farrowed out more than ninety strong, healthy pigs from eleven sows. Some of the pigs soon showed indications of thumps, others contracted bull nose and canker and at the age of six months only fifty-five could be found that averaged 160 pounds.

This young Nebraska farmer, who had such trouble with his hogs in 1922, saw the film "Exit Ascaris," which shows the life history of the round worm, and he determined to try out a sensible system of sanitation with his pig crop in 1923. From ten sows he raised sixty-eight pigs, averaging 200 pounds at the age of six months, a difference of 560 pounds of pork per sow or a total of 5,609 pounds more pork from ten sows during the year 1923 than during the previous season.

A demonstration has been carried on in this county by L. A. Stelter, living near Maryville, who has been able to produce 115 strong, healthy pigs from fifteen sows this spring and summer. His sows average a little more than seven pigs to the litter, whereas, previously he has been able to secure only three or four pigs per sow at the time of marketing. All of the farmers in the county who are interested in hog sanitation and feeding are requested to attend the demonstration at the Lester Acklin farm.

## Finds "Wild Traits" Among Youth Today

**But Prohibition May Not Be Cause—Much Drinking In American Colleges, Church Survey Shows.**

Washington, Sept. 16.—The youth of the land is displaying "wild tendencies" but whether it can be attributed to prohibition is a moot question, the Federal Council of Churches of Christ reported today in the third installment of its nation-wide survey on the effects of prohibition.

In colleges, the council found there is much drinking and the college bootlegger is a popular and much-sought after personage. Taking the figures from 185 representative cities, drinking has greatly increased since 1920 as judged by arrests for intoxication.

## Alleges $1,802.96 Is Due on Three Notes

The T. C. Power & Brothers, Ltd., a corporation under the laws of Montana, today filed an attachment suit in circuit court against Tilden S. Craig and Annice Gertrude Craig for the October term of court.

The plaintiff alleges there is due them the sum of $1,802.96 on three promisory notes issued in the following sums, $1,022.73; $223.81; $556.42; for which it is suing with costs, attorney's fees and interest.

## Shouldn't Wear Straw Hat After Season Is Over

Jack Canon, superintendent for the Cook & O'Brien Construction Co., learned today that he can't wear a straw hat in Maryville after the season is over and get away with it—at least when there are a number of representatives for companies handling road building material in town.

Mr. Canon appeared at the city hall early this afternoon to submit bids to the council for two paving projects that were let today, and was haughtily wearing a 1925 season straw hat, which covers a head that does not boast of any too many hairs. Several of the traveling men gathered there took advantage of the post-season on straws and in a short time has trompled it under their feet.

"Well," Jack said, "I guess I should have left my other straw hat at Stanberry, they wear them there the year 'round."

# ANOTHER TEST FOR BALDWIN

OPPONENTS TAKE ADVANTAGE OF TURKISH SITUATION

## AN APPEAL TO LEAGUE

**Government Officials Admit Trouble In Balkans Is Unpleasant But Predict An Amicable Agreement.**

London, Sept. 16.—Public indignation over the alleged Turkish violations in Mosul territory and the deportation of Christians from the territory is being fanned by political opponents of the Baldwin government. War with Turkey is predicted as inevitable in quarters where there has been persistent opposition to the British mandate over Irak and the disputed Mosul oil fields.

Great Britain's protest to the League of Nations that Turks have violated the status quo of the Mosul district is held by opponents of the government to be only the first step in a dispute which may lead to war with Turkey over the oil violations in Mosul.

While admitting the situation is unpleasant government officials are inclined to believe that the early reports of the Turkish activities are exaggerated and expressed confidence that an agreement will be reached to avoid hostilities.

## Says France Better Able to Pay Debt

**Senator Borah Tells Coolidge Paris Government Is In Better Position To Settle Than Britain.**

Washington, Sept. 16.—France is better able to pay her war debt to the United States than is Great Britain and should be accorded no better terms than were accorded the British, President Coolidge was told today by Senator William E. Borah, Republican of Idaho, chairman of the Senate foreign relations committe.

The Idaho Senator discussed foreign relations with Mr. Coolidge for some time at the White House in his first meeting with the President in months and the purpose of his talk was that any undue leniency in the French debt settlement will be vigorously opposed in Congress.

Paris, Sept. 16.—"I am going to the United States to tell the Americans that France is ready to settle," said M. Caillaux, French finance minister, in a statement to the press just before he left Paris today with the French debt commission for the United States.

"I know the Americans, although they are big business men, are big hearted enough to accept an equitable settlement," Caillaux continued.

**Zimmermans to California.**

Mr. and Mrs. Ed Zimmerman and daughter, Miss Ola Zimmerman, will leave Thursday evening for Los Angeles, Cal., where they will spend the winter.

# NEW HOPE FOR "INSURGENTS"

LA FOLLETTE VICTORY HEARTENS PROGRESSIVES.

## HE WINS BY 100,000

**Son of Late Senator Polls 30,000 More Votes Than All Of His Opponents Combined.**

Washington, Sept. 16.—The overwhelming victory won by "Young Bob" La Follette in the Republican Senatorial primary in Wisconsin yesterday was received today with loud whoops from the progressives and furrowed frowns from the Republican "regulars."

To the dwindling handful of insurgents in the Senate his victory meant another La Follette to carry on the policies so long pursued by "Old Bob" in both houses of Congress; to the Republican regulars it spelled the most severe political defeat the administration has suffered since the enormous Coolidge landslide in November.

To the regulars is spelled too the continuance of militant opposition to many Coolidge policies in the oncoming session of Congress. Had "Young Bob" been defeated, it would have meant the well-nigh complete passing of the insurgent bloc in the Senate, that in the past few years has exerted such a tremendous influence in national affairs. Death and defeat have cut heavily into the insurgent ranks in recent months. Now it is conceded the rebels have a new rallying post.

Wisconsin is still outside the pale of Republicanism as that term is used at the White House.

Madison Wisc., Sept. 16.—Robert M. La Follette received the nomination for United States senator in yesterday's primary by a plurality of 100,000 over his closest opponent, Roy P. Wilcox, regular Republican candidate.

La Follette received 30,000 more votes than the combined votes of his three opponents. In spite of this great majority, Wilcox has announced that he will be an independent candidate in the election on September 29.

Charles E. Donlin, Hopkins, George Cole, Barnard, Joseph Jackson and George L. Wilfley, Maryville, members of the committee, will attend the meeting. George Shoptaugh of Elmo, another member of the commitee, will be unable to be present on account of being injured in an automobile accident near Baldwin, Kan., a week ago. In addition to members of the committee, D. A. Caldwell, secretary of the Maryville Chamber of Commerce, J. F. Hull and James Todd will attend the meeting tomorrow night.

## Man and Woman are Charged with Assault

**Mr. and Mrs. Harve Mendenhall of Wilcox Give $200 for Appearance in Circuit Court**

A neighbor row, which grew out of some ill feelings in a fraternal organization, has finally culminated in circuit court and will be tried at the October term. The net results are that Mr. and Mrs. Harve Mendenhall of Wilcox were arrested yesterday afternoon by Sheriff L. B. Campbell and gave bond of $200 on a charge of assault.

It is alleged that the unhappy occurrence took place in the cemetery at Wilcox last Sunday morning, in which Mrs. Ida Mendenhall, brandishing a small sickle, made an attack on Mrs. Elihu Shell and Mrs. Ida Duncan, both of Wilcox, who were at the cemetery decorating some graves, and drove them out of the cemetery. However, no injuries resulted.

Mr. Mendenhall is also charged jointly with his wife on the assault charge, as he was with her at the time and was accessory to the assault.

Mr. and Mrs. John Surplus of Parnell were in Maryville today.

# WALKER WINS BY BIG VOTE

BEATS HYLAN BY MORE THAN 95,000.

## WATERMAN IS VICTOR

**Fountain Pen Manufacturer Successful In Obtaining Republican Nomination For New York Mayor.**

New York, Sept. 16.—Complete figures from yesterday's primary election showed Senator James Walker victor over John F. Hylan for the Democratic nomination for mayor by a plurality of 95,543. Mayor Hylan's complete vote in the five borroughs was 154,066. Senator Walker's was 249,579.

Frank D. Waterman's victory over his Republican opponent was overwhelming, the fountain pen manufacturer receiving six votes to one for John Lyons, his nearest opponent.

New York, Sept. 16.—State Senator James J. Walker today was the Democratic candidate for Mayor of New York City after the hottest primary fight in this city's history. Walker, the Tammany Hall candidate, defeated John F. Hylan, candidate for a third term, by a plurality of approximately 90,000 votes.

Frank D. Waterman, fountain pen manufacturer and winner of the Republican nomination, will oppose Walker in the November election. His indicated plurality over Jones Lyons, his nearest rival in the three-cornered contest, was more than 110,000 votes, while former State Senator William Bennett ran a poor third.

New York, Sept. 16.—"I am pleased at two things," was Mayor Hylan's first statement to a group of newspaper men awaiting his arrival at the city hall this morning. "The first is that I pulled the mask off the big Tammany Hall man from Albany. The second is that I made the traction and underworld interests spend an average of $400 an election district to defeat me."

## Denver Man Shoots His Wife and Son

Denver, Colo., Sept. 16.—Raymond Shank, 50, shot to death his wife, Mrs. Marion Shank, 49, and their 19-year-old son Paul at their home here today and tried to drown himself in a bathtub. Shank had been separated from his family. Early today he forced an entrance to the home of his wife and son, killing the youth as he slept. A daughter, hearing the shot, rushed to the front door and grappled with her father. Her mother also appeared. Firing point blank, Shank sent a bullet through his wife's heart.

## STEWART'S WASHINGTON LETTER

By Charles P. Stewart
NEA Service Writer.

Washington—No prosecution ever went into a case with less enthusiasm than the War Department goes after Col. "Billy" Mitchell, for the roast he gave the army's and navy's management of their respective aviation services.

And no wonder, for here's a situation in which the prosecution is on the defensive, with the accused, quite indifferent to his own fate, hot after a verdict of guilty against his accusers.

The worst of it, from the War Department's standpoint, is that Col. "Billy" can't lose, no matter how the case ends. The War—and Navy—Departments can hardly do anything else.

Suppose the colonel's vindicated.

That means he wins, and he can win only on the ground that what he said about aviation was justified—a frightful pair of black eyes for the War and Navy Departments alike.

On the other hand, suppose he's found guilty of insubordination and even deprived of his commission.

In that event he's a martyr, a mighty popular one, too, and those who made him one are correspondingly unpopular for doing so.

The War Department will try to disregard what Col. "Billy" said and concentrate on the proposition that the way he said it was what made it insubordinte.

The colonel will admit that he was insubordinate, perhaps, but insist insubordination was a patriotic necessity, because the country's welfare depended on the broadcasting of the truths he had to tell.

If the War and Navy Departments could show that American aviation really is up to snuff they wouldn't have so much to fear, but Mitchell undoubtedly can prove the air inferiority of the United States to France, England and Japan, at least.

The question, "How does this happen?" arises naturally, and Mitchell's answer, "Official incompetence," comes in very pat.

He may not be able to make out his whole contention—that aviation has rendered surface fleets obsolete and surface armies nearly so.

But he can make one enough of it—that our two flying services aren't what other countries' are—to get the War and Navy Departmental goats.

## Average Rainfall for State 2 in. Last Week

Columbia, Sept. 16.—The long spell of hot dry weather was quite effectively broken in Missouri during the current week by wide-spread generous to copious rains. The eighth was the last real hot day. Beginning with the tenth the remainder of the week was relatively pleasant to cool and cloudy, with frequent rains. The average rainfall for the State as a whole was more than two inches. Amounts were heavy to excessive in the northwest; a few of the central counties south of the Missouri received amounts less than one inch.

The rains will revive and greatly benefit pastures, truck crops, and gardens, besides putting the soil in good condition for preparation for fall seeding. Little or no wheat has yet been sown but farmers are getting ready to rush this work though many will wait for fly-free dates before sowing.

The corn crop was not affected by the rains. The early planted and the great bulk of the crop had already practically matured and in good condition. Late planted upland corn in the southern part of the State, especially the southern third, will make good fodder; some of the late planted in the Missouri counties and northward will be chaffy but this is a relatively small per cent. Cutting and shocking is general.

The commercial apple crop in the Ozarks was adversely affected by the hot weather to some extent. The rains and cooler weather will be beneficial.

The extreme heat and drouth of the southeast caused some deterioration in the cotton crop except on the lowest lands. There was considerable shedding and premature opening, and cutting down of the top crop. The recent good rains in that section probably will be of benefit.

Lavan assumed the managership of the Blues last year when Wilbur Good resigned and went to the Atlanta club of the Southern League. Lavan was formerly with the St. Louis Browns.

## Rev. Wells Opposed to Sunday Quoit Pitching

(By EDGAR O. WELLS, Minister)

We were somewhat mistaken in our notes of last week, concerning the young men who were the candidates for admission on trial at the ensuing session of the Missouri Conference. Mr. Taylor was the only man licensed to preach, and as the Rev. Trevor Winney, who has been in charge of our Burr Oak charge since last Easter day, had already passed a fine examination at the School of Theology at Cameron, Mo., last August, and who had been Licensed at the time, of taking charge of that work, and hence only needed to be recommended for admission, which was done. Hence this correction is necessary.

There are several things which in the holy Bible are called an abomination unto Jehovah, and there is one thing in Elmo which is an abomination in the eyes of all Christians in this community, and I lift up a word of rebuke and exhortation against it, and that is Sunday horseshoe pitching, and especially against those persons who give it their consent as Christians by their presence at its place of meeting. This is not given as a rebuke against the game, but we took our children to see the film called the Ten Commandments, recently given at a nearby town, and of what avail is it, if afterward, we violate not only the law of our state, but that of the Almighty as well, when we fail to keep his fourth command, beginning Remember. See Exodus 20:8. Please gentlemen, for your own, and the sake of others, refrain from this, on God's Holy day.

There will be the usual services next Sunday, at 10:00 and 11:00 a. m. The morning theme of the sermon will be "Storming Heaven With the Violence of a Consecrated Passion. Song service at 7:45 sermon theme, "Sacrificing the Future for the Present. A sermon for all. There are seats for more than two hundred, and hence a place for you. Strangers and any others who desire are especially welcome.

**Warranty Deed.**

The following warranty deed was filed for record today:

H. F. Bickett and wife to Ed E. Albright, north half of lot 5, block 5, Burns addition to Maryville for $600 consideration.

Mrs. Ollie Tanner of Bedison underwent an operation at the Missouri Methodist Hospital in St. Joseph yesterday morning. Her condition is serious.

**SIMPLE ENOUGH.**

Mary had some silken hose,
She rolled them at the knee;
She had some pretty dimples there,
Right where they ought to be.

She wore the hose to school one day,
Of course that broke no rule;
But caused a little wonderment,
Among the kids at school.

Oh! why does she keep pulling
Her skirt down? One boy cried.
Why that replied the teacher is
Her rolled down hose to hide.

Then why does Mary roll her hose,
Now tell me teacher please.
Why that is so the men can see,
The dimples on her knees.

Jerry.

More Suitable

The funeral chapel is used by so many more people because it is a more suitable place in which to hold the last services. And that is only natural, because it was designed to do that, and nothing else.

The funeral chapel that we place at the disposal of those we serve is a very pretty one, tastefully decorated and with ample seating capacity. There is no charge for its use.

## "Confessions of a Queen" at the Empire

The King in "Confessions of a Queen," which shows at the Empire Theater tonight and tomorrow, is in a quandry. The influence of good is beckoning him on one side in the form of his Queen, while that of evil, coaxes him on the other in the form of the vivacious Sephora, a woman of the world.

The King is delightfully played in the Seastrom production by Lewis Stone. The Queen is depicted by Alice Terry and the alluring Sephora by Helena d'Algy.

Others in the cast are John Bowers, Joseph Dowling, Eugenia Besserer. The film is adapted from the story, "Kings in Exile" by Alphonse Daudet.

**Closing Grain Review.**

Chicago, Sept. 16.—Grains worked to an irregular close on the Board of Trade today. Wheat showed fractional gains. Coarse grains were unchanged to lower.

Wheat had a quick run up at mid season on spirited buying by eastern houses and shorts. Professionals continued in control of the pit.

Corn followed the trend in wheat.

In the late rally, however, support was lacking and a fractional recession held to the close.

Oats showed little change.

Provisions dropped on profit selling by cash interests and houses with eastern connections.

### GOOD DISPOSITIONS INVALUABLE

You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. Mayr's Wonderful Remedy has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists—Adv.

**Corn Husks Forecast Hard Winter.**

Lincoln, Neb., Sept. 16.—It's going to be a hard winter—if the word of the Nebraska corn growers can be taken as authority.

The corn husks this year are thicker than usual, which means a long winter, according to the proverbs of the great American corn belt.

Another indication, the old timers point out, is the fact that the corn is "making" early this fall.

# FIRST HOME GAME OCT. 9

PERU NORMAL TO PLAY BEARCATS ON COLLEGE FIELD.

## INEXPERIENCED SQUAD

Coach Lawrence Drilling Men on Rudiments and Conditioning—First Scrimmage Held Last Night.

The first home game for the Bearcat eleven of the Northwest State Teachers College will be on Friday, October 9, when the Peru Teachers College of Peru, Neb., will play here instead of the Kirksville game the following week, as was announced yesterday. This gives the Bearcats four games at home, namely, Peru State Teachers College on October 9; Kirksville here October 16; Omaha University here October 23; and Springfield here on November 13.

The candidates for the berths on the squad had their first taste of scrimmage last night. After running down punts and charging Coach H. F. Lawrence gave the backfield men drill in the art of receiving the ball and of running interference. The night practice was concluded with a snappy scrimmage.

The Bearcat squad this year appears green and inexperienced. A long time is required by a coach to round a football machine into a smooth working eleven. The time for the first game is but three weeks off which means strenuous practice in the remaining time.

The lack of experience of 1925 material is off-set by the determined fight which is displayed by the entire squad. Last night one prospect, who had never played football before was inserted in the line against two letter men. After being told how to charge and how to play his position the green man proved willing to the task and played his position commendably. The new men are willing to work and this is good news to a coach.

O'Banion and Eads are both getting good distance on their punting this year. This will strengthen the defense of the Bearcats.

No signals or plays have been given out by the coach as yet. Coach Lawrence is busy getting his men in condition and teaching them the rudiaments of the game. It is probable that the men will begin "skull" practice next week.

## I.-M. Golf Assn. Tournament to Be at Shenandoah, Ia.

The annual Iowa-Missouri Golf Association tournament will be held at the Southmoreland Country Club at Shenandoah, Ia., for four days, beginning September 27, according to the Shenandoah Sentinel-World.

At a meeting of the board of directors of the Shenandoah Country Club Monday night, it was voted to extend an invitation to the Association to hold the tourney at Shenandoah. There are seven clubs in the Association, Clarinda, Red Oak, Maryville, Villisca, Corning, Hamburg and Shenandoah. W. A. Davidson, secretary of the Shenandoah club, has extended to Forrest Gillam, president of the Association, the official invitation.

Last year the tournament was held at the Clarinda Country Club and several of the Maryville players entered and many of the local Country Club members attended the social functions. M. V. Sims, who was a member of the local club last year, was runner up in the 36 hole championship round.

Joe Short of Burlington Junction was a Maryville visitor yesterday.

## But Potts Keene Can Tell a Better Story

Large Timber Wolf Brought in By Robinson Party of Hunters After Long Chase.

After trailing a timber wolf for three miles a band of local hunters, with ten dogs from the James B. Robinson, Jr., kennel, last night brought the hunt to a close when the dogs closed in on the wolf and the weary hunters put an end to the animal. The chase is the forerunner of others that are to be held by the same men who will take their dogs to the International in Kentucky next month.

The wolf was captured near the Casteel schoolhouse.

Included in the party were James B. Robinson, Sr., James B. Robinson Jr., C. C. Craig, Aaron Reynolds, Roll Johnson and the reliable Potts Keene.
